Plan, Design, & Enjoy in 30 Days

Furnishing an office can be a major challenge. After all, who has time to plan, design, and install a new office space? The only thing worse is going the DIY route – buying random products that are hard to assemble, fail to perform, and begin wearing out the day they arrive.

...Which puts you right back where you started.

At AMQ, we think outfitting your office should be simple, stress-free, and maybe even fun. We start with products that are on-trend, affordably priced, and backed by the best warranty in the business.

From there, our team will show you how to **plan, design, and enjoy** your new space in 30 days with products that suit your style and fit your budget.

Ready to get started? Give us 30 days and we'll help you land the perfect office.

4 Easy Steps

- 1 Choose your space
- 2 Find your style
- 3 More options (Seating and Accessories)
- 4 Move forward

Step 4 Move Forward

3 Easy Steps to Furnishing your Office:

1 I'm Ready to Order

We look forward to getting your project started. Tell us a bit about your project and the products you are interested in.

2 DIY or Dealer?

Connect with an AMQ dealer to plan your perfect office. A dealer can support you in design options, space planning, local electrical regulations, product choices and specifications, and hiring professional installers.

3 Help with Financing

We can help you get the office you are dreaming of without strapping your cash flow.
